

SON

Says Harsh Words About Father

SERIOUS TROUBLE IN THE LAYTON FAMILY

Girl Was Choked Almost Into Insensibility.

IS THE STATEMENT OF THE SON.

The Young Man Related the Alleged Details to An Advocate Reporter on Friday.

One of the grossest and most in-
excusable cases of parental cruelty
that has ever come to the notice of
the Newark police, was that which
was developed by a call received by
the police early Thursday evening
from McKinley avenue in the Brow-
n-Hughes addition east of the Heisey
glass works.

The specific trouble on Thursday
night was an outgrowth and a cul-
mination of domestic troubles dating
back several months, in the family of
George W. Layton, a man aged 44
years, the family consisting of eight
children, ranging in ages from a
daughter 23 to a babe about a year
old. The eldest daughter is married
and with another aged 18 does not
live at home, Robert just past 20, be-
ing the oldest one at home, and it is
he who has been the protector of
himself and the other children from
the alleged brutality of an unnatural
father. This protection has often
been of the heroic kind, and the young
man today commands the admiration
and respect of the entire community
by his steadfast devotion and never-
failing kindness and attention to the
other children, too young to take care
of themselves.

Robert was seen Friday morning
and talked freely about the trouble
Thursday night, and the cumulative
incidents leading up to it. He said:
"My mother died about six months
ago and although before this father's
conduct was anything but that of a
kind and loving parent. Since that
sad event it has been unbearable.
Bitter abuse, he followed by blows
and as a finale of his cruelty about
ten weeks ago he insulted my sisters
and disgraced our home by bringing
a woman, a widow, whose whose was
in Pike county, into the house to
take my mother's place. She is a

widow, her husband having been
killed on a railroad several years ago.
The actions of this woman and my
father were disgraceful and my sister
Sarah, 16 years of age, frequently re-
monstrated with him, and could not
but treat the woman with contempt.
This angered father and at the in-
stance of the woman he sent Sarah
and the baby to Trinway. The baby
could not be kept at my aunt's there
so Sarah returned with it Thursday.
This angered father and in the even-
ing as Sarah was holding the little
one on her lap he sprang at her with
the remark: "— you, I'll fix
you." He caught Sarah by the throat
and choked her almost into insensi-
bility before I could interfere. I
caught hold of him and finally pulled
him off but not until he had left the
prints of his fingers in the flesh of
my sister's neck. It is my opinion
that she would have been killed had I
not interfered.

"Friday morning father went to
Trinway and soon after the widow
left the house, but I do not know
where she went.

"I have supported the family for
several years and in the past three
months father has worked three days.
What's hers belongs to me and I in-
tend to stay with it, and if he comes
about again I shall have him prose-
cuted for the assault on my sister.
Father's actions have been brutal to-
ward the smaller children on many
occasions and it has become unbear-
able."

The neighbors all speak in the high-
est terms of young Layton and have
nearly all witnessed instances of the
father's severity.

INCENDIARY

Fire in Chicago This Morning Causes \$50,000 Damage—Police Are Investigating.

Chicago, June 10.—A fire, believed
to have been started by members of
the gang of incendiaries responsible
for the series of fires that have created
terror through the northwest side,
caused a \$50,000 loss this morning and
almost destroyed the big plant of the
Patent Vulcanite Roofing company in
South Campbell avenue today. The
fire threatened the entire neighbor-
hood and caused a panic among the
residents in the district, who feared
that the flames would spread to their
homes. Squads of police hurried to the
scene of the fire and searched the
neighborhood for blocks around for
traces of the incendiaries said to be re-
sponsible for the blaze, but no arrests
were made.

WOODEND EXPELLED.

New York, June 10.—The board of
governors of the Consolidated Stock
exchange announced today the expul-
sion of Dr. W. E. Woodend, of the sus-
pended firm of W. E. Woodend & Co.
The reason given for the expulsion
was "obvious fraud in dealing."

QUIET

Prevails Today in Cripple Creek

WORK IS RESUMED IN THE NON-UNION MINES

The Employers Sign Agreement "Death to Unionism."

ENORMOUS COST OF THE STRIKE.

One Hundred Men Were Deported This Afternoon—Coroner Hall Begins Holding His Inquests.

Cripple Creek, Colo., June 10.—Ev-
erything is quiet here today. Work
was resumed at the mines employing
non-union men which had been closed
since Monday, the Stratton and Inde-
pendence being the first to re-open.
The Portland mines remained closed
by order of General Bell and its 500
employees will be compelled to abandon
the union or leave the district. Em-
ployers in all branches of the business
in this city without exception, so far
as known, have signed the "death to
all unionism" agreement proposed by
the citizens' alliance not to employ
help of any kind that is in any way
connected with labor unions.

The cost of the strike to all concern-
ed has been to date \$23,026,000. Of the
amount employers have lost over twenty-
two millions.

One hundred men will be deported
this afternoon and deportations will
be made daily hereafter until all per-
sons who are objectionable to the citi-
zens' alliance and the mine owners as-
sociation have been forced to leave the
district.

Coroner Hall yesterday evening be-
gan holding inquests over the bodies
of the victims of the Independence de-
pot explosion. So far no arrests in
connection with this outrage have been
made, but it is intimated that the au-
thorities are trailing the man who is
said to have discharged the mine.

TRAIN ROBBER

Killed by a Posse, and Two Others Are Surrounded in Garfield Canyon.

Newcastle Colo., June 10.—A posse
of ranchmen and cowboys, living in
the neighborhood of Garfield, west of
this place, came upon three men,
supposed to be Denver and Rio Grande
train robbers, who dynamited the ex-
press car of a train near Paracuate,
Colo., Tuesday night, and in a battle
which followed one of the pursued
was killed. The other two escaped in-
to the Garfield Canyon, and at last
accounts were completely surrounded.
It is thought that escape is impossi-
ble. Elmer Chattman, a cowboy, re-
ceived a slight flesh wound.

The dead man was brought to this
place last night and was identified as
one of the three men who worked
several days last week on the Denver
and Rio Grande section, near Para-
chute. He went under the name of J.
K. Ross. Previous to working on the
railroad he was employed in a res-
taurant in this town. Nothing is
known of his history here. Identifi-
cation was made by a Rio Grande pay
check found on his person. The other
two who worked with Ross last week
gave the names of John Emmerling
and Charles Schubb. They worked
along the railroad track from Thurs-
day until Saturday night. All quit to-
gether and left the neighborhood.

It is reported that at least 200 men,
heavily armed, are watching the two
men in Garfield Canyon, and will
shoot them down if they attempt to
escape.

In a parliamentary answer the sec-
retary to the British Admiralty gives
the average annual cost of maintaining
a first-class battleship of 13,000 tons as
£94,000.

BABY

Fell to Sidewalk in Panic And Was Killed Today.

New York, June 10.—A trifling fire
in a six story tenement at No. 108
Stanton street caused a panic and
death of a child this morning. An oil
stove, which exploded, started the fire
and the great volume of smoke terri-
fied numerous tenants and they fled
to the fire escape and windows. Mrs.
Lena Apel, holding her baby in her
arms, tried to lean from a window,
but was restrained. During the strug-
gle the frantic woman lost her hold on
the child and it dropped to the side-
walk and was killed.

STORM

In North Texas Very Se- vere—Lives and Prop- erty Lost.

Fort Worth, Texas, June 10.—Addi-
tional heavy rains last night have
added to the destruction of property
in North Texas near the Indian Ter-
ritory line. Not far from Byers, on
the Red river, a cloudburst occurred,
washing away much property. Miles
of railroad track have been washed off
the roadbeds and many bridges have
been carried away. One family of five
children was caught in the rushing
waters and drowned. John Jones and
his wife saved themselves by taking
refuge in tree tops where they re-
mained over night. Great quantities
of live stock have been drowned. It
was the worst rain storm in fifty
years, according to reports received
here today.

AMBASSADOR SHOT

Berne, Switzerland, June 10.—(Bul-
letin)—V. V. Jadoviski, Russian am-
bassador to Switzerland, was fired at
by an unknown man this afternoon,
the bullet striking him in the head,
but the wound is not serious. His as-
sailant, a Poleander, was arrested.

KNOX NAMED

Philadelphia, June 10.—(Bulletin)—
Governor Penneycker today appointed
Attorney General Knox to the vacant
senatorship, and there will be no ex-
tra session of the legislature to name
the late Senator Quay's successor.

HEARST

May Swing His Delegates to Senator Gorman at the St. Louis National Convention.

Washington, June 10.—In political
circles here the report was in circula-
tion that at the psychological moment
in St. Louis next month, Representative
William R. Hearst will swing his
delegates to Senator Arthur P. Gor-
man, of Maryland, that James M. Gu-
fey will follow suit with the Pennsylv-
ania delegation, and New Jersey will
join the procession headed by Mary-
land, West Virginia and the District of
Columbia.

The gossip further is that Hearst, re-
alizing he cannot land on the presiden-
tial ticket this year, is ready to build
for the future.

The theory of the story is that by
allying himself with Tammany against
Judge Parker, he is not only seeking
revenge, but making friends with Tam-
many, with Gorman and with Gufey
for the future.

Of course, if a move of this kind is
contemplated by Mr. Hearst, it refutes
the stories that he is hitching up with
Bryan.

Miss Morton's Death.

Paris, June 10.—Miss Lena Morton,
daughter of former Governor and Vice
President Levi P. Morton of New
York, who has been critically ill for
the past few days from blood poison-
ing following an operation for appen-
dicitis, died at midnight.

FINAL

Appeal is Issued to the Soldiers

JAPS ARE CLOSING IN ON THE DEFENSES

Both Sides Lose Heavily in the Fighting

SAY TODAY'S CHINESE REPORTS.

Japanese Legation at Washington To- day Gave Out an Official Cable From Tokio.

Chifu, June 10.—(Bulletin).—Gen-
eral Stoessel, in command of the Rus-
sian forces at Port Arthur, is said to
have issued a final appeal to the sol-
diers there to show to the world how
the Russians defend their honor, their
czar and their country. It is reported
that numerous guns have been trans-
ferred from the ships in the harbor to
the forts which have been insufficient-
ly armed.

Washington, June 10.—The Japanese
legation today gave out the following
cablegram:

Tokio, June 10.—General Kuroki re-
ports that a detachment of our troops
occupied Saima Chin on June 7. Our
casualties were three men killed and
24 men wounded. The enemy left in
the battlefield 23 killed, besides two
officers and five men, who were made
prisoners. General Kuroki's army, co-
operating with the forces that landed
at Takushan, occupied Sureun on June
8, driving the enemy toward Tomu-
cheng and Kaifing. The enemy con-
sisted of 4,000 cavalry and six guns.
Our casualties were three men killed,
one lieutenant, one sub-lieutenant and
28 men slightly wounded.

Chefu, June 10.—The Japanese are
reported to have successfully assault-
ed the Kukwane forts just outside of
Port Arthur and are now attacking the
chain of fortifications of which they
are the key, and which alone separate
the invaders from the fortress. The
fighting is said to have been desperate
on both sides, with heavy losses. The
Japanese guns, mounted on neighbor-
ing heights, silenced the Russian guns
and then the assault was made in the
face of an awful fire which mowed
the attacking forces down by scores,
but could not stop them. A number
of Russian guns are said to have been
captured. Reports reaching here put
the Japanese loss at between 1,500 and
2,000 men. The Russian loss is not es-
timated.

The shelling of Port Arthur both by
land and sea continues, with what ef-
fect is not known. Chinese refugees
arriving here declare the Japanese
shell fire has been extremely destruc-
tive, both to the defending batteries
and to the troops. They report the
Russians appear to be pretty badly de-
moralized and have no hope of pre-
venting the capture of Port Arthur
when the Japanese get ready to make
the attack. The wrecks of several
Russian warships are said to have been
found by the Japanese sunk in Talien-
wan Bay. They are probably the tor-
pedo flotilla, and perhaps the cruiser
Bayan, said to have been caught there
when the recent attack was made on
Dalny.

FALL OF PORT ARTHUR

Reported by Two Continental Papers— Rumors of a Naval Battle.

London, June 10.—Rumors of the fall
of Port Arthur are published today
from many sources.

A dispatch from Rome says The
Tribune prints an unconfirmed Vienna
telegram announcing the capture of
the fortress, with a loss of 11,000 men
killed and wounded on the Japanese
side.

La Patrie also reports the fall of the
stronghold.

Special dispatches from Liao Yang
say the Chinese brought news that the

Japanese on June 2 attacked Port Ar-
thur by land and sea, but were re-
pulsed with a loss of 2,500 men and
four warships, which, judging from the
descriptions given of them, were tor-
pedo boats.

Other dispatches give rumors of a
naval battle between two fleets in the
Gulf of Pechili and a definite report of
a bombardment in Liao Tung Gulf,
near Kai Ping, which may have fore-
shadowed a landing there for the pur-
pose of cutting the railroad back of
the Russian troops operating around
Wafandian.

The reports of the fall of Port Ar-
thur do not receive much credit among
the experts. It is believed the Japa-
nese are meeting with success in their
approaches to the fortress itself, but it
is deemed impossible that the entire
line of forts could have been taken by
this time.

JAP MOVEMENTS

Are Interpreted as Due to Anxiety to Harass Kuropatkin.

St. Petersburg, June 10.—All Japa-
nese movements are interpreted here as
caused by anxiety to hamper as much
as possible whatever movement Gen-
eral Kuropatkin may be making to
help Port Arthur. Not only have the
Japanese bombarded the west coast of
Liao Tung Peninsula, where the rail-
way runs close to the shore, making
feints of debarkation, but General Ku-
ropatkin has assumed the offensive east-
ward. He has sent an overpowering
strong column that drove out the Rus-
sians from a fortified position at Sai-
matze, 20 miles northwest of Feng-
Wang-Cheng, inflicting a loss of 100
men.

The authorities say that they are
without information concerning the
fight at Saimatze beyond the official
dispatch that was made public Thurs-
day night, but that the Russian with-
drawal was quite in accordance with
General Kuropatkin's pre-arranged
plan, although the Russian losses indi-
cated stubborn fighting. Military crit-
ics profess to be not altogether certain
whether General Kuroki's movement
means a real advance or is simply a
feint to distract Russian attention
from Port Arthur, but they incline to
the latter view.

GROOM IS MISSING SO IS SOME CASH

Chicago, June 10.—Mrs. Frank Pyle,
married but one week and thousands
of miles from her home, is prostrated
at the Sherman house over the loss of
her husband, \$1,800 and gems valued
at \$500.

Mrs. Pyle came to the United States
originally from New Zealand, met her
husband in San Francisco and was
married a week ago. They came to
Chicago on their honeymoon and Mrs.
Pyle awoke Thursday to find that her
husband, her money and her jewels
had disappeared in the night.

Pyle is said to have represented him-
self to be a wealthy lawyer from Phila-
delphia. It is said that she is the
daughter of a wealthy merchant in
New Zealand, but she refuses to tell
her father's name.

STORY

Telling How Platt Gave Money

TO HANNAH ELIAS IS TO BE TOLD TODAY

Some Sensational Disclosures Are Promised.

ONE OF THE LAWYERS IN CASE

Says Mrs. Elias Has Letters Which Will Implicate Other Rich Men in the Affair.

New York, June 10.—The examina-
tion of Hannah Elias, the negress,
will be commenced at 3 o'clock this
afternoon before Magistrate Ommen
and the sensational story of how
John R. Platt, the alleged millionaire,
gave nearly a million dollars to the
negress, will be placed on the records
of the court and from the mass of
fact and fiction it will be determined
whether the money was extorted by
the Elias woman as charged by Platt
or given by him as a token of admira-
tion as Mrs. Elias claims in her de-
fense.

The aged complainant, Platt, who
has been ill since the scandal became
public, will be present at the exami-
nation this afternoon and will prob-
ably be one of the first witnesses
called.

Further sensational exposures are
expected as the result of declarations
made by J. Frank Wheaton, a negro
lawyer engaged by a number of ne-
groes of this city, to aid in Mrs. Elias'
defense. The negroes here believe
that Mrs. Elias was being persecuted
because of her color, have hired
Wheaton to assist Mrs. Elias' coun-
sel. Wheaton says that Mrs. Elias
has in her possession letters which
will not only implicate other white
men who have given her money, but
will show also that she has been the
victim of a gang of blackmailers who
have bled her for a fortune. It is said
today that warrants will be issued to-
day for a lawyer, a physician and a
woman engaged in occult manifesta-
tions who, it is alleged, have black-
mailed Mrs. Elias. Wheaton declares
that later he will give the names of
three prominent millionaires, who
have contributed to Mrs. Elias' sup-
port for a number of years.

1896.

Mrs. Parker, wife of Judge Parker, who is conspicuously mentioned for
the Democratic presidential nomination, comes of old Dutch stock and was
a Schoonmaker before she became Mrs. Parker in 1873. Her only daughter
is the wife of Rev. Charles Mercer Hall, and the young couple have two chil-
dren, of whom Grandpa and Grandma Parker are very fond.

LITTLE HOPE

LICKING COUNTY FARMER HURT LAST TUESDAY

Lies at Point of Death—The Rumor of Foul Play Is Discredited by Friends.

Centerburg, O., June 10.—James Bryan, the well-known Bennington township, Licking county, farmer, who was injured by falling from a hayloft this week, is in an unconscious condition today.

Dr. Hamilton, who was called from Columbus yesterday to examine Mr. Bryan, says that he has not more than one chance in one hundred to live.

Some people believe that Mr. Bryan was a victim of foul play and that the injuries from which he has been lying at the point of death for three days were not the result of an accident. Mr. Bryan is a man of wealth and there are some circumstances which lead to believe that he was assaulted and robbed and that conditions were then made to appear as though he had fallen through a mow door into a stall beside the horse, where he was found.

A man who works on the Bryan farm states that when he passed the barn on his way to water his horse at the creek he heard a strange noise within the barn, but paid no particular attention to it. Later when he returned to his feeding he found Mr. Bryan in a stall in an unconscious state.

The fact, however, that it was midday when Mr. Bryan entered the barn and that there is every reason to believe that a rotten board upon which he stepped broke, letting him fall to the ground, leads the great majority of the people to the conclusion that Mr. Bryan's injury was accidental.

GUN CLUB

Scores Made by the Marksmen at Shoot Held Thursday Afternoon—Championship Contest.

The following scores were made Thursday afternoon by members of the Licking County Gun club. The scores are for 25 birds and the shoot was for the championship of this county: Taylor, 24; McPherson, 21; Paterson, 19; Keifer, 17; Schaller, 16; Canole, 16; Dickinson, 16; Burrell, 16; Brown, 15. As Taylor was not in the contest, the medal was won by McPherson.

The 100 bird shoot resulted as follows: Taylor, 95; McPherson, 85; Canole, 83; Fred Burrell, 78; Keifer, 70.

GOLDEN WEDDING

Of Mr. and Mrs. Hollibaugh Pleasantly Celebrated at Martinsburg by Friends and Relatives Saturday.

Martinsburg, O., June 10.—Last Saturday Mr. and Mrs. Hollibaugh, of this place, were the victims of a complete surprise. The surprise was given in honor of the fiftieth anniversary of their marriage. Mr. and Mrs. Hollibaugh had requested their children, George, of Dresden, and Mrs. Mary Earlywine and family, of Bladensburg, to come home to celebrate the event with them, but expected no one else.

At about 10 o'clock, however, friends, neighbors and relatives began to gather in and continued until nearly 200 had arrived.

Among the gifts was a cupboard from their children, a morris chair from the ladies of the village and vicinity, a purse of gold from Mr. and Mrs. Samuel Kidwell, and many other things also beautiful.

To be a successful wife, to retain the love and admiration of her husband should be a woman's constant study. Mrs. Brown and Mrs. Potts tell their stories for the benefit of all wives and mothers.

"DEAR MRS. PINKHAM:—Lydia E. Pinkham's Vegetable Compound will make every mother well, strong, healthy and happy. I dragged through nine years of miserable existence, worn out with pain and weariness. I then noticed a statement of a woman troubled as I was, and the wonderful results she had had from your Vegetable Compound, and decided to try what it would do for me, and used it for three months. At the end of that time I was a different woman, the neighbors remarked it, and my husband fell in love with me all over again. It seemed like a new existence. I had been suffering with inflammation and falling of the womb, but your medicine cured that and built up my entire system, till I was indeed like a new woman. Sincerely yours, Mrs. CHAS. F. BROWN, 21 Cedar Terrace, Hot Springs, Ark., Vice President Mothers' Club."

Suffering women should not fail to profit by Mrs. Brown's experiences; just as surely as she was cured of the troubles enumerated in her letter, just so surely will Lydia E. Pinkham's Vegetable Compound cure other women who suffer from womb troubles, inflammation of the ovaries, kidney troubles, nervous excitability, and nervous prostration. Read the story of Mrs. Potts to all mothers:—

"DEAR MRS. PINKHAM:—During the early part of my married life I was very delicate in health. I had two miscarriages, and both my husband and I felt very badly as we were anxious to have children. A neighbor who had been using Lydia E. Pinkham's Vegetable Compound advised me to try it, and I decided to do so. I soon felt that my appetite was increasing, the headaches gradually decreased and finally disappeared, and my general health improved. I felt as if new blood coursed through my veins, the sluggish tired feeling disappeared, and I became strong and well. Within a year after I became the mother of a strong healthy child, the joy of our home. You certainly have a splendid remedy, and I wish every mother knew of it. Sincerely yours, Mrs. ANNA POTTS, 510 Park Ave., Hot Springs, Ark."

If you feel that there is anything at all unusual or puzzling about your case, or if you wish confidential advice of the most experienced, write to Mrs. Pinkham, Lynn, Mass., and you will be advised free of charge. Mr. Hearst's friends have been confidently counting the delegation from Colorado to the Democratic national convention as favorable to his nomination. Yet when the proposition to instruct the delegation to vote for him came squarely before the Democratic state convention on Tuesday it was defeated by a vote of 279 to 108.

The Democratic state convention of Delaware, despite the expressed wish of Judge Gray, instructed the delegates from that state to St. Louis to vote for him for president. Judge Gray is a good man, but he does not regard himself as a candidate, and is understood to be favorable to the nomination of Judge Parker. This being the case, it is probable that at the proper time the Delaware delegation will be found in line for the New York jurist.

M'KINNEY
NAMED FOR CHAIRMAN BY DEMOCRATIC STATE COMMITTEE,
Which Met at Columbus Thursday—
State Executive Committee Chosen
With Garber as Chairman.

Columbus, June 10.—The Democratic State Central Committee met yesterday at the Neil House in this city and organized by the election of B. F. McKinney of Marietta for chairman. W. L. Finley of Kenton, who was the chairman last year, insisted on reelection, but only got 5 votes out of the 21 that were cast. A number of ballots were taken, the result being reached on the eleventh ballot. Charles P. Salen of Cleveland, was proposed for chairman of the Central Committee and chairman of the Executive Committee but he declined both. He was a leading factor in the Committee's actions. J. P. Madigan of Cleveland, was re-elected secretary without opposition. Salen moved that the committee proceed to name a chairman of the executive committee and nine members. Bernard amended to permit the committee to name its own chairman. Salen argued that the state central committee was the governing body and should assume the responsibility of saying who should manage the campaign. Bernard withdrew his amendment. Salen then suggested the name of Harvey C. Garber of Greenville, congressman from the Fourth district. Diemer offered the name of E. A. Crawford of Adams county, Bernard's candidate. W. L. Finley named Chas. P. Salen, advocating the continuance of Salen in the position as the better means of securing a man acquainted with the state situation. Salen declined, saying he could not afford to give the time to the campaign work, being burdened with official duties at home. Garber was chosen overwhelmingly. On motion of W. S. Thomas, the chairman was empowered to name his own secretary and treasurer. Nominations of candidates for members of the executive being called for: Bernard named John E. Diemer of Tiffin of the Twentieth district; Leinisch named W. F. Mason of Butler; Hanley named James Devine of Chillicothe; Sandles named C. E. Peoples of Pomeroy; L. H. Gibson of Columbus, and C. E. Jordan of Findlay; Salen, on behalf of Rice of the Sixth district, named John Wood of Brown county; Thomas named W. R. Burnett of Springfield; Gorman named E. A. Crawford of Adams county; Heer named James Rice of Columbus; Harper named P. A. Berry of Mt. Vernon; McKinney named S. M. Winn of Zanesville; Sprigg named C. Lude of Monroe county; Alberson named G. W. Horton of Newark; Kirby named Judge R. S. Shields of Canton; Rockwell named Samuel G. Rogers of Akron; Salen named Louis Seelbach of Cleveland. But one ballot was necessary. Diemer, Devine, Peoples, Burnett, Ross, Berry, Shields, Rogers and Seelbach being chosen. Diemer and Ross were the only ones elected for whom Salen failed to vote. In closing the session the chair was empowered to name a committee of three to draft an entire plan of organization for adoption by the state

central committee in order to make uniform the party organization throughout the state. This committee will meet at the Neil House again June 17 finally to pass upon the rules so reported. The executive committee will be called together soon for a preliminary meeting.

RAILROAD NOTES.
Baltimore and Ohio Carpenter Geo. Teaff is ill at his home on First street. The Pan Handle is placing a fine new iron pump at the passenger depot. A mason constructed a square brick wall beneath the pump to the depth of several feet. The pump will be one of the best in the city and the water will be the purest and the best in the city for drinking purposes. Edward Crane and James Peall, passenger engineers on the Pennsylvania system, and formerly connected with the Baltimore and Ohio at this point, are in the city the guests of members of Taylor Lodge, No. 175, for a few days. The railroad men are enjoying a vacation and are en route to the St. Louis World's Fair. W. Willet, of Seio, foreman of the carpenter department on this division of the Pan Handle system, is reslating the roof on the freight depot, and has a force of men to do other work along the line in the city this week. James Smith came over from Newark and remembered his former office mates with large bouquets of flowers, which decorated the city ticket office and passenger departments of the Pennsylvania during Wednesday. State Journal.

In execution of the orders to reduce as much as possible the operating expenses of the Baltimore and Ohio, it is announced that the big shops located at Keyser, W. Va., have been closed for an indefinite period and the yards at that place abandoned. The big engine of the Baltimore and Ohio to be exhibited at the fair, and which passed through Newark a few days ago, has arrived at St. Louis. It weighs 334,000 pounds on the drivers, and when in complete working order weighs 223 tons, complete. It will be used after the fair, as already stated in The Advocate, in handling heavy coal trains in Pennsylvania. Baltimore and Ohio Caller William Millbaugh is unable to work on account of sickness. NEWARK MEN
WILL ESTABLISH SALVATION ARMY AT COSHOCTON.
Definite Plans Are Announced by Mr. Brindley—Post to Be Organized by September First.

Coshocton, O., June 10.—The Salvation Army will establish a permanent barracks in Coshocton about September 1. Adjutant Brindley, of Newark, is the man who has volunteered to drop in here and conduct the work, and he will be given full sway. "We would start at once," said the adjutant, "but for the fact that 600 American soldiers are in England this summer to attend the great international conference that opens June 26 and continues for several weeks. We cannot, therefore, establish new posts until these officers return; we can't spare the men."

Adjutant Brindley while in the city made arrangements for a moving picture entertainment at city hall Monday night at 8 o'clock, which will be varied in character. The battle of San Juan hill will be shown as well as many amusing and instructive scenes. The most interesting part of the evening, however, promises to be the pictures dealing with the Salvation Army. A small admission fee will be charged to help defray the expense of the work. Adjutant Brindley will be accompanied by Captain Haag, Lieutenant Linfoot and other officers of the Newark post.

SCIENCE PREVENTS BALDNESS.

The Fatal Germ and Its Remedy Now Facts of Science.

It is the rarest thing in the world for a man to be necessarily bald. No man whose hair is not dead at the roots, need be bald if he will use Newbro's Herpicide, the new scalp antiseptic. Herpicide destroys the germ that cuts the hair off at the root; and cleans the scalp of dandruff and leaves it in a perfectly healthy condition. Mr. Mannett, in the Maryland Block, Baltimore, was entirely bald. In less than a month Herpicide had removed the enemies of hair growth, and nature did its work by covering his head with thick hair an inch long, and in six weeks he had a normal suit of hair. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

NEW SUPERINTENDENT

Saint Marys Newspaper Speaks Very Highly of the Man Who Becomes Head of the Newark Schools --Prof. Simkins a Very Successful Educator.

The St. Mary's O. Graphic in the article which follows, speaks very highly of Prof. J. D. Simkins, who has just been elected superintendent of the Newark public schools. The Graphic says:

The announcement that Professor J. D. Simkins, superintendent of the

PROF. J. D. SIMKINS.

public schools of this city for the past fifteen years, has decided to leave St. Marys, will come in the nature of a thunderbolt from an undoubted sky to the people of this community. But the Graphic is able to make such an announcement upon absolute authority. Mr. Simkins has already been elected to the superintendency of the public schools of Newark, Ohio, and will tender his resignation to the St. Marys board of education at once. Last year he was re-employed by our local board for a term of three years, and although the board will regret to lose his valuable services to the schools, the members of that body will not stand in his way to promotion. Newark is a city of more than twenty thousand inhabitants, and the increase in salary is very substantial.

Without any disposition to disparage the ability of his predecessors, the Graphic makes the statement without qualification that J. D. Simkins is not only the most popular but the most efficient superintendent that has ever been at the head of the St. Marys public schools. Moreover, there is no better qualified educator connected with the common schools of Ohio. He is not only a hard worker, but he adopts and pursues means and methods in perfect consonance with the progress of the age. And he is such a scrupulously honest man, pure and untainted in his private life, that he has endeared himself to the people of this community in such a manner that it will be hard for them to become reconciled to his going away.

When Mr. Simkins took charge of the St. Marys schools in 1889 there

were only fourteen teachers employed. Now there are twenty-seven. The town was just beginning to get out of the rut and grow. There were less than three thousand inhabitants then; there are more than six thousand now.

With the rapid march of progress in everything pertaining to St. Marys in the past fifteen years, the public schools have kept in the vanguard, thanks to the wise and capable leadership of Mr. Simkins. He has worked incessantly; he has worked unselfishly, and his labors have been crowned with the adum of success. He has not slept on duty, he has been awake and alive to the spirit of the times and the wonderful advancement by the schools under his superintendency—coupled with the universal confidence and profound respect of all the real friends of practical education in this city—is the monument he leaves behind.

The Graphic wishes Mr. Simkins and his most excellent family a happy and most successful future, and congratulates the people of Newark upon their good fortune in procuring the services of such a man as the head of their public schools.

THIS AND THAT

Four inches of snow fell yesterday at Leadville, Colo. That's nothing. Newark had as much as six inches several times last winter.

Jesse Armstrong, a Newark boy, son of Mr. D. F. Armstrong, is higher up in the world than most people and he isn't conceited over it, either. Jesse, who learned to telegraph while he was carrying Western Union messages for Mr. J. W. Mannion, the popular Newark W. U. manager, is now in charge of the telegraph office on Pike's Peak, 14,147 feet above the sea level. Five feet of snow today lies on the ground around his office.

Denison university this year has a baseball team of which the students have a right to be proud. Denison made a record this week of playing three consecutive games, 27 innings, without an error, and in each case shut out her opponents, University of Cincinnati, Kenyon college and West Lafayette. This reminds one of the days of Dan Daub, "Pete" Withoff, "Barney," "Bottle" Jones, "Short" Driscoll, Outcall, Art Stevens, the Hutsons, et al.

Those Newark people who are complaining about the chilly atmosphere may derive some consolation from the prediction made yesterday saying that July will be a hot month.

A manager for the Auditorium is to be elected next Monday; that is to say,

Columbus, O., June 10.—Adjutant General Critchfield has ordered the annual competition of the Ohio National Guard to be held on the State rifle range at Newark, July 15 to 24, inclusive. Colonel Edward T. Miller visited the range Wednesday and inspected the grounds, which are being put in readiness for the event. The program will comprise twenty-five matches, arranged in such manner as to cover all kinds of firing during the first four days of the

If Port Arthur hasn't yet fallen, perhaps it's because the Russians can't let go.

The Japs have played the Dewey act by cutting the cable between Korea and Japan.

If the athletes at the girls' colleges do any record breaking jumping this year, it may be due to the fact that this is leap year.—Columbus Dispatch.

They say that Attorney General Knox has been decided upon as the successor to the late Senator Quay, of Pennsylvania.

W. H. Davis of the fire marshal's office tells a story of a strange coincidence in connection with the Johnstown fire. He was at Newark the night of the fire and there met his old friend, A. W. Cox, special agent of the Cooper Fire Insurance company. Both remained in Newark over night and Mr. Cox informed him that he was going to Johnstown the next day to cancel all the policies of the company there. They had been thinking that the risk in a town of that size wholly without fire protection was more than they could afford to carry and concluded to withdraw. The morning papers contained the turning of the town by just such a fire as was feared.—Columbus Dispatch.

BIG SNAKE

CLUNG TO THE WOMAN'S SKIRT, CAUSING FRIGHT

Which Resulted in Mrs. Henry Hargis' Death at the Home Near Somerset, Ky.

Somerset, Ky., June 10.—Mrs. Henry Hargis, wife of a well-known farmer living near here, was literally frightened to death by a snake.

Mrs. Hargis had taken a jug of water to her husband, who was working in the fields, and was returning to the house. She was nearly out of the field when she felt something pulling at her dress from behind, but thinking it only a briar she gave her skirt a flounce to free herself. Instead of a briar there was an enormous copperhead snake attached to it.

Upon seeing the writhing snake Mrs. Hargis fainted. Her husband at the other end of the field saw her fall, and rushing to her assistance, found the snake within a few feet of his wife, coiled ready to strike. He killed the reptile and carried the unconscious woman to the house.

A physician was summoned and, upon examination, found that the snake had not bitten the woman, but when she came out of the faint she was in a wild delirium, writhing and jumping from the bed and crying for some one to take the snake off her. Narcotics had no effect upon her and the delirium lasted several hours, when she died in awful agony, believing the snake was still clinging to her.

The King of Denmark has a fine collection of birds' eggs said to be worth about \$75,000.

LITTLE GIRL

Scolded by Her Condemned Father Because She Would Not Appeal to the Governor.

Columbus, O., June 10.—Because his eleven-year-old daughter would not appeal to the governor to save his life, Michael Schiller, condemned to die for wife murder, severely reproved the child. The three children of Schiller came down from Cleveland yesterday to bid their father farewell. They remained overnight, and today visited him again.

"Go to the governor and save my life, Minnie," pleaded Schiller.

"I cannot go," answered the child.

"Then write to him, for God's sake, and tell him not to let me be electrocuted," came the further appeal.

"No, I don't want to do that. The governor has decided, and I don't want to ask him, anyhow," was the response.

This angered the father, and he upbraided the child.

Sister Housegardner, who was with the children, says that Minnie has feared that her father would kill her, too, if he had the opportunity. Before she consented to come from the Cleveland orphanage she exacted a promise from the mother superior that she would not be left alone with her father. She said she did not want him to escape the chair, for she knew that if he ever got free he would do to her as he had done to her mother.

There was a demonstration of Minnie's fear during the final visit, when Sister Housegardner expressed a desire to see the electric chair. She told the child she would be back in a minute, and started, but Minnie followed, declaring she would not stay with her father, even with the prison guard present.

There were 8,976 murders in the United States in 1903 and 123 legal executions.

BEGS OFFICER

TO PERMIT HIM TO GIVE HIS FATHER CHLOROFORM.

The Parent Dying From Cancer on Tongue Mutely Pleaded for the Peaceful End.

Crawford, Ark., June 10.—The strangest case in the history of the non-curable cancer has perhaps just come to light here, through the action of John Wright, a young farmer, living at Arcadia. Accompanied by a younger brother, Wright called on the sheriff and asked him for permission to administer chloroform to his aged father, who is dying from cancer on the tongue.

"My father is a living skeleton, and the doctor tells us there is no hope for a cure," said young Wright. "He does not weigh 40 pounds with his clothes on, although he once weighed at least four times that amount. My mother is dying from grieving over father's condition. He cannot talk, but has asked us by signs to be relieved from his suffering with chloroform."

Before he immigrated to Arkansas from Germany the senior Wright was an inveterate smoker. After he moved to Arcadia he commenced to smoke a wild weed instead of tobacco, and the cancer appeared shortly after.

Never having been asked to pass on such a case in his official career, Sheriff Bell Tomkins was at a loss as to how to advise the young man, and with his younger brother Wright returned to Arcadia, heart-broken for fear the suffering of his father might cause him to lose his mother, also. The family came to Arkansas direct from a small German village 16 years ago and settled among a German colony which had preceded him.

Wealth Without Pic.

He has power, can't he eat that he is but might-

He can travel through the country over railroads of his own; Men and women and their children have what he decries alone;

He has ten thousand people might tonight be in despair; Seeing nothing in the future, being robbed of all but care;

By a word of his yon beggar might at once be lifted high;

He could have this country crazy with excitement in an hour;

Saltin' Action to Word.

Mr. Staylate—So your sister keeps you well supplied with pocket money?

Tommy—Yes.

Mr. Staylate—I presume you have to do something in return?

Tommy (yawning)—Oh, yes. I have to come in and yawn when visitors are staying too late.

Had to Keep His Word.

At a not distant school the other day a grave infraction of discipline was committed. The teacher was very angry and called upon the guilty party to confess. Not one in the class would tell, however, so the teacher said he would thrash every boy in the room and then he would be sure to find the right one.

This threat was carried out, the teacher starting with the first boy and thrashing every boy but one. Finally as he reached that last one his anger had cooled a little. Thinking to be lenient, he said:

"Now tell me who did this and I won't thrash you."

"All right, sir," was the reply. "I did it."

And the schoolmaster had to keep his word.—Philadelphia Press.

Warning

To All Rivals in Love That They Must Fight Fair—A Novel Case in Kansas City.

Kansas City, Mo., June 10.—As a warning to all rivals in love that they must fight fair a jury in the circuit court has declared that John W. Tulley must pay \$1,500.

Tulley and John Bowling were rivals for the smiles of the same girl. Bowling is the younger of the two and seemed to be making headway. Tulley whipped him in the young woman's presence and got a clear field for himself. Bowling sued Tulley and the jury gave him \$1,500.

Of this amount \$500 is to compensate him for the beating and \$1,000 is for punitive damages.

Tulley's case was a peculiarly aggravated one, because while Bowling sat in the parlor with the young woman, who was playing the piano, Tulley came to the door and beckoned him into the dining room. There he beat him unmercifully.

The young woman was Miss Rose Wanstone, daughter of Mrs. Carrie Perkins.

His Reasons.

Judge—You let the burglar go to arrest an automobilist?

Policeman—Yes. The autoist pays a fine and adds to the resources of the state. The burglar goes to prison and the state has to pay for his keep.—Fleming Blacetter.

REV. R. R. MOORE

DIED FRIDAY NOON AT HOME ON SEVENTH STREET.

Former Pastor of First Presbyterian Church Passes Away—Burial Takes Place Monday Morning.

The Rev. R. R. Moore, who, twenty years ago, was pastor of the First Presbyterian church of this city, died at his home, 55 Seventh street on Friday morning at 11:25 o'clock.

Mr. Moore had been in feeble health for some time past. Last winter he accidentally fell at his home, sustaining injuries of a serious nature. Since his pastorate here some twenty years ago, Rev. Mr. Moore and family were away from Newark, but returned some five or six years ago, and have resided here ever since.

Mr. Moore leaves a devoted wife and daughter, Miss May Moore, who is one of Newark's best teachers in the high school. The deceased was born in 1837, and was consequently in the seventy-fourth year of his age.

The funeral services will be preached at the home on Monday morning at 10 o'clock when the remains will be taken to Beaver, Pa., his former home, for interment.

Mr. Moore was a pastor of unusual ability and success, and ranked high in his calling, which only poor health compelled him to leave a few years ago. He was a man of highest Christian character and excellence, and his life and memory are redolent with good deeds. For him to die was gain, as he had an unfailing love in the Lord he had so long and so faithfully served.

CHARLES W. HANDEL.

Charles W. Handel, one of Licking county's most respected citizens, departed this life June 5, 1904, at the hospital in Columbus. The deceased was born May 2, 1854, in Newark, O. The

funeral took place from his late home on June 7, 1904, at 2 o'clock. Rev. L. C. Sparks conducting the services. Interment was made in Cedar Hill cemetery.

He has been called to a higher life to take the journey into the great unknown from which there is no return. He leaves his loved ones to mourn for him, a loss to them in this world, but waiting for them on the other side of the mysterious river which divides this life from everlasting life. The complications of life and the mysteries of death we are unable to fathom, but we would commend them to Him whose wisdom we dare not question and who has promised our burden should not be more than we could bear. Thus we bow with submission and sorrowful hearts to the will of Him who doeth all things well.

MARTHA J. CARTER.

While sitting at the supper table, Thursday evening, Miss Martha J. Carter, aged 70 years, died very suddenly of heart disease at her home, near Dresden. For the past several months Miss Carter has not been feeling in the best of health, but her death was a great shock to her brother and her niece and the latter's husband, Charles Swope, with whom the deceased lived.

CARD OF THANKS.

BITTEN

By a Spider, Mrs. Wilson Died in Terrible Agony at Her Knoxville Home.

Knoxville, Tenn., June 10.—Mrs. J. C. Wilson, widow of Prof. Wilson, died in her residence east of the city yesterday afternoon in terrible agony, as the result of a bite from a spider, inflicted last evening while she was making her toilet.

Physicians relieved her sufferings temporarily by the administration of opiates. They also administered antidotes, but despite the treatment the patient's condition grew rapidly worse. Her entire body became swollen to twice its normal size and she became unconscious.

An examination of the premises made yesterday morning resulted in several black spiders of a poisonous type being found. Mrs. Wilson was in the best of health 24 hours before her death.

COSHOCOTON

Has Unique Way of Raising Money for the "Home Coming" Event—The Big Day, June 18.

Coshocoton, O., June 10.—Saturday, June 18, the Columbus Coshocoton society, of the state capital, is coming home 2,000 strong in special trains over the Pan Handle for the first "home coming."

The society is composed of former residents of Coshocoton county. The local committee in celebration of the event, besides numerous other preparations, has secured thousands of "buttons" to be worn on coat lapels. These are now used as a commodity of commercial exchange.

Cigar counters are giving them instead of nickels in change. If a purchaser buys a nickel cigar and throws down a dime, he gets a cigar and a button. Several cafes are using them in change for pieces under a dollar. The purchaser of a drink gets all his change in buttons and is told to go out and sell those he doesn't want at five cents each. That's the only way he can get his money back.

The result is every man, woman and child in the city and county as well is being adorned with an "old home day" button, and everybody is grinning over it and enjoying the fun. Two thousand are to be sent to the Columbus folks and will be distributed free on the trains the day of the excursion.
